## COURT RULES ON DAD, SON POLICY ISSUE

Adams County court Saturday ruled that a "broad form family automobile policy" issued to a father does not extend to an auto owned by his son.

The court also decided that when a father takes title to a car and executes a note with a finance company in order to permit his minor son to obtain the vehicle the father does not obtain ownership of the vehicle.

The decisions came in a 14-page opinion on the "motion for judgment on pleadings" entered for Tom Kump, Biglerville R. D., against the State Automobile Insurance Association.

Basis for the motion was an auto accident occurring near Cashtown in which Tom Kump was driving his own car; Howard C. Weikert, Gettysburg, was driving a car owned by Phillip Little, Gettysburg. The two vehicles were allegedly drag racing when the car operated by Weikert crashed into an auto owned by Floyd J. Kump and driven by his daughter. Little was killed. Miss Kump was badly injured.

**WIN DAMAGES**  
Floyd Kump and his daughter won damages from all the others in the suit brought by them.

Tom Kump paid the judgment against him and then began the proceedings against State Automobile Insurance Association to collect one-half the judgment, alleging that the broad form family automobile policy of Donald W. Little, father of Phillip L. Little, covered the car Weikert was operated because Donald Little held title to the auto and the insurance policy covered cars owned by Donald Little.

**NOT LEGALLY OWNED**

The court decreed, "We have no difficulty . . . in concluding . . . that Donald W. Little did not acquire legal ownership of the automobile involved in this case, even though he held title to it." The automobile was purchased by Phillip and as between him and his father, belonged to him. Phillip made the payments on the note and when the note was paid in full there can be no doubt that he could compel his father to transfer the title to him. The father entered the picture only for the purpose of loaning his credit to his son, who could not contract a valid legal obligation because of his minority."

In the course of its 14-page opinion the local court held that the primary purpose of the statute pertaining to certificates of title for cars was to protect the public against the theft of automobiles and their resale by the thief . . . the certificate of title is not a warrant of ownership . . . as usually understood in the law, although it may be relevant evidence in establishing such a title."

The court declared that since the only interest of Donald W. Little in the vehicle owned by Phillip was to hold title until Phillip completed payments to the finance company, "This may have given him an insurable interest so far as fire, theft or collision insurance was concerned, it would not give him an insurable interest as to liability insurance."

The court held that since Donald did not "acquire ownership" of the car, "the defendant insurance company would not be liable under its policy."

## 22,000 Watch Aerialist Plunge 85 Feet To Death

DETROIT (AP) — Twenty-two thousand people watched Sunday night as an aerialist fell 85 feet to his death in Detroit's flood-lighted American League baseball park.

Some thought as Edward Henry Knipschild, 55, of New Britain, Conn., spun toward his death that surely there was a safety rope around an ankle that would break the fall. There wasn't.

### SECOND CATASTROPHE

And "Captain Eddie," as Knipschild billed himself for his 100-foot high act on a swaying pole, became the victim of Detroit's second catastrophe to befall an aerial performance in the last two and a half years.

It was in Detroit's Fairgrounds Coliseum Jan. 30, 1962, that the human pyramid of the "Flying Wallendas" came apart on a high wire. Two died; another was paralyzed for life. Three injured lived to perform again.

## Boy, 8, Falls And Breaks Left Arm

Rodney Warner, eight, son of Mr. and Mrs. Clarence Warner, Orrtanna R. 1, was treated Sunday at the Warner Hospital for a fractured of the left arm suffered when he fell while climbing a fence.

Also treated Sunday at the hospital were Donald Glacken Jr., four, Germantown, laceration of the forehead sustained in a fall while visiting relatives in Harney, and Michael Snyder, 3, Chambersburg, fracture of the left index finger suffered when his finger caught in a car door.

Mrs. Lawrence Kuykendall, 38, 411 York St., received treatment Saturday for a fracture of the left fifth toe inflicted when she twisted her foot, and Mrs. Ira Grossman, 50, Lancaster, was treated for a puncture wound of the left foot sustained when she stepped on a nail in the National Cemetery.

## J. B. WADDLE DIES SUNDAY IN FAIRFIELD

James Blaine Waddle, 82, died Sunday morning about 5 o'clock at his home in Fairfield. He had been under a physician's care but had been in fair health and walked uptown in Fairfield Saturday night.

The deceased was prominent in Fairfield affairs for most of his life and operated a store there for 25 years, until his retirement. Prior to purchasing the business he had been a huckster in the area.

He was associated with the limestone industry at Fairfield Station, served as a director of the Fairfield National Bank from September 5, 1917, until his death, was a member of the Fairfield School Board for a number of years and served on the Fairfield borough council for many years.

He was a member of Zion Lutheran Church, Fairfield, and served for a number of years on the consistory. He was also a member of Good Samaritan lodge of Masons here, the Fairfield Lions, Odd Fellows, Fairfield Fire Co. and the Adams County Volunteer Firemen's Association.

### FUNERAL WEDNESDAY

A native of Liberty Twp., he was a son of the late Harry and Annie (Connor) Waddle. His wife, the former Alice B. Baker, died August 19, 1963.

Surviving are a son, Charles Waddle, Bridgeport, Conn.; two daughters, Mrs. Stanley Musselman, Quarryville, and Mrs. Charles McDannell, Biglerville R. 2; seven grandchildren and five great-grandchildren.

### CAR IS DEMOLISHED

William D. Stem, 22, Fairfield R. 1, was uninjured when he failed to negotiate a curve Friday afternoon on Route 16 a mile and a half west of Greencastle. Stem's auto sustained \$2,000 damage in the one-car mishap in which he mowed down two mail boxes, an intersection sign, and struck two trees before coming to rest on the edge of a two-foot embankment.

## Why "Captain Eddie" fell was a matter of conjecture hours afterward among eye witnesses.

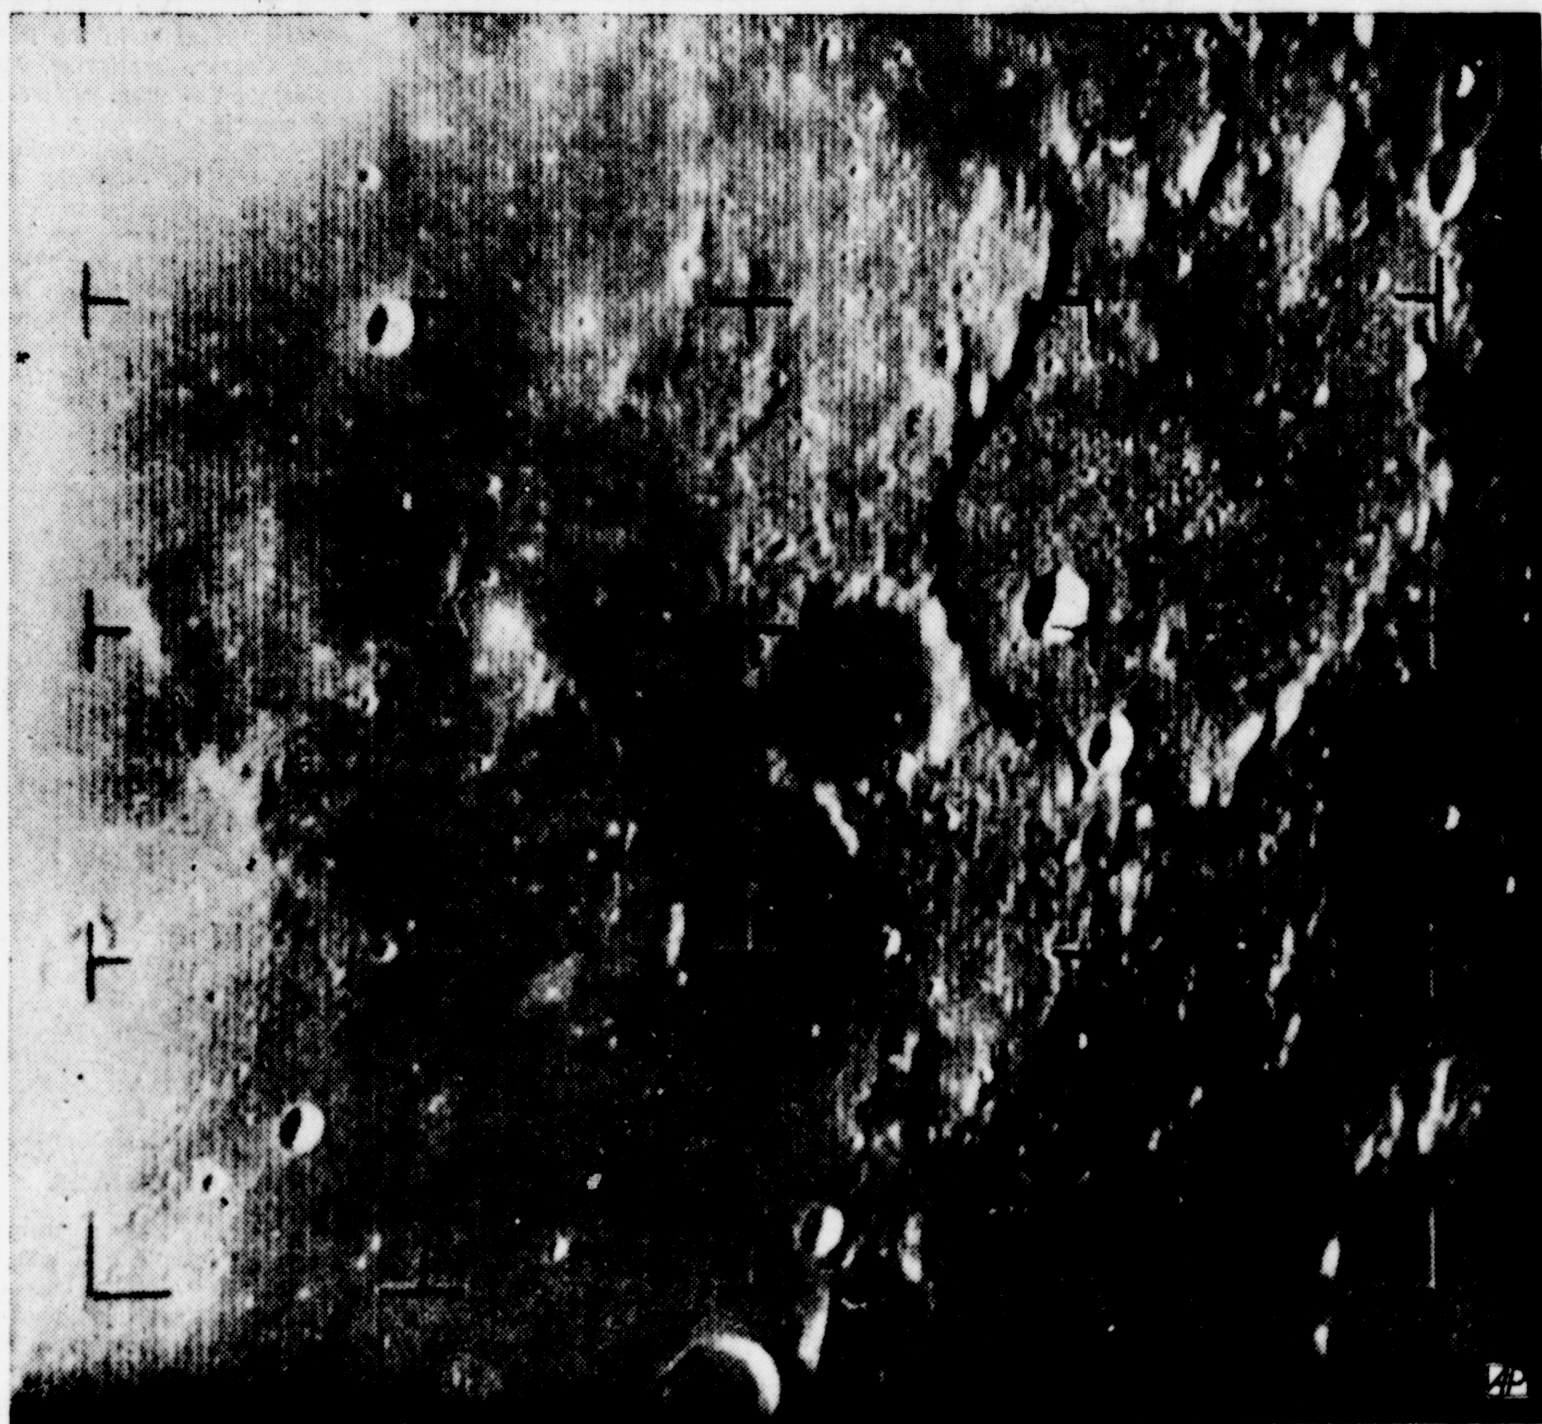

**BELIEVE STRAP BROKE**  
Herbert M. Boldt, a veteran Detroit News reporter, said a strap apparently broke as Knipschild started a spin, foot-in-loop and face down from a horizontal bar 85 feet up his 100-foot, thin, and swaying pole. He was performing at the close of Detroit's police field day.

Police Lt. William Sheedy said three he interviewed at the scene told him it appeared "Captain Eddie" fell while crawling along a horizontal bar 85 feet up his 100-foot pole while trying to adjust a safety wrist-let.

Knipschild was dead on arrival at a hospital. His body left an indentation in the rain-soaked outfield turf of Tiger Stadium.

It was on Lt. Sheedy's orders that the pole, which disclosed (Continued On Page 6)

Mr. Meligakes is awaiting the result of the physicians' diagnosis to decide what steps he will take in the case.

## TWP. OFFICER NABS 3 YOUTHS IN "DRAG RACE"

Three youths will face charges as a result of an alleged "drag race" Sunday afternoon in Cumberland Twp.

Cumberland Twp. policeman Bernard V. Miller Sr., cruising on the new Route 15 around Gettysburg Sunday afternoon, saw two cars line up on a new part of a township road south of here and begin a race. He left Route 15, and eventually caught up with the racing cars when they had to slow for curves in the relocated township road leading to Ridge Road.

He then found Sheldon Robert Martin, 18, Littlestown R. 1, was one of the drivers while a 16-year-old was driving the other car, which was owned by a 17-year-old youth.

### OTHER VIOLATIONS

Further investigation showed:

1. Neither driver had an operator's license.
2. Neither car had a current inspection sticker.
3. One of the cars had no license plate.
4. The other car had a temporary Maryland plate which had expired.

Martin was charged before Justice of the Peace John Whitman with drag racing, driving without a license, driving without registration plates on the car and not having a current inspection sticker on the car. He posted \$500 bail for a hearing before the justice at 7:30 this evening.

The driver and the owner of the other car both will be brought before juvenile authorities on charges arising from the "race."

Cars that collided seven miles north of here on the Harrisburg Rd. at 9:20 Saturday morning. State police said Mary M. Connelly, 47, York Springs, attempted to pass a car ahead of her. She saw an auto operated by Florence Hoffman, 61, Buffalo, N.Y., headed toward her and swerved back into her own lane. Mrs. Connelly's car then went off the side of the road in her lane, and swerving back onto the highway, crossed the road and collided head-on with the Hoffman vehicle. ## 2,300 MORE VISITORS IN SEVEN MONTHS

According to figures released today by Chief Ranger John Rogers 2,300 more visitors toured the battlefield through July 31 this year than during the same period last year. However, the July count this year shows a decrease of 1,310, compared with last year.

Rogers said that the July count is surprising when compared with last July, which was the month of the centennial celebration here.

"But on closer analysis," he said, "there were a number of important reasons why this July proved to be a good month for visitation. Good weather, the influence of the New York World's Fair, the Boy Scout Jamboree at Valley Forge, and the reputation Gettysburg is acquiring for excellent accommodations and friendly visitor service all were contributing factors for this month's high count." He believes the total count for 1964 will set a new high.

The count for July was 402,707 as compared with 404,017 for July, 1963. The total visitation for the year ending July 31 was 1,242,706, compared with 1,240,406 that time last year. A count of 1,020 buses was recorded on the field during the month. Battlefield guides conducted 5,028 tours of the battlefield, including 4,518 auto tours and 510 bus tours.

## APPLIES AGAIN FOR GARBAGE PERMIT HERE

Kenneth F. Noel, trading as the Keystone Sanitation Company, Gettysburg R. 5, has filed with the borough of Gettysburg for the third consecutive year his application for a garbage collection permit in Gettysburg.

The application was filed last Thursday afternoon, it became known on Saturday. Two years ago when Noel applied, he learned that the Adams Sanitation which holds a monopoly contract for garbage collection in Gettysburg, was entitled to an option for a renewal of its initial contract.

The Adams Sanitation contract was renewed in 1962 and last year when Noel applied he discovered the Adams Sanitation renewal had been for a two-year period. Mayor William G. Weaver said he will get "full consideration" if he made application again this year.

### \$1.60 PER MONTH

Attached to Noel's application is a schedule of proposed rates for garbage collection here that show residences will be charged \$1.60 per month. Container service per month will be \$12 and industrial and commercial rates will be based upon quantity and will be worked out with the individual contractor, the schedule states.

Noel, who states in his application that he has been in the garbage, and refuse collecting business for 12 years, said in his application that he operates a state-approved sanitary landfill on the Kenneth R. Hostetter farm, Hanover R. 5, between Brunsdawn and Bonneauville in Union Twp. He operates the landfill under a three-year license from the Union Twp. supervisors.

The application was accompanied by the required \$15 application fee and by the rate schedule and by a list of equipment now operated by Keystone Sanitation that includes two caterpillar tractors and five trucks, three of which are used for the collection of garbage and refuse.

Noel promises to comply with all state and borough ordinances relating to the collection and hauling of garbage.

## Navy Guns And Jets Beat Off Surprise Attack By 3 PT Boats, Believed Reds

WASHINGTON (AP) — A tough response by U.S. Navy guns to a North Vietnamese PT boat attack has spoken louder than words of American determination to curb the Communists in Southeast Asia, officials said today.

This was in the thinking of Washington strategists as they weighed whether to write Hanoi a formal diplomatic note complaining of Sunday's assault on the U.S. destroyer Maddox.

According to the Navy, the Maddox was on patrol in international waters about 30 miles off the North Vietnamese coast when three unmarked PT boats opened fire with torpedoes and 37-millimeter cannon.

### CALL FOUR JETS

The Maddox promptly countered with its own guns and called in four jets from the aircraft carrier Ticonderoga. The Americans went unscathed, but the destroyer and planes left one PT boat reported badly damaged and disabled in the water, the other two crippled and retreating slowly.

First word of the naval action reached Washington about 5 a.m. Washington time, and President Johnson conferred with top advisers during the day as further news came in.

### WON'T ALTER PLANS

Secretary of State Dean Rusk said: "The other side got a sting out of this. If they do it again, they'll get another sting." Furthermore, he said, the United States will continue to "insist upon using international waters."

Administration sources said the PT boat action did not seem to be part of a new large scale assault from the North nor does Washington intend at this time to carry the war to the North. The same sources said the attempt against the Maddox will not deter the United States from its commitment to the defeat of Red aggressors against South Viet Nam. This includes continuing patrols such as that of the Maddox in the international waters of Tonkin Gulf, which is bordered by North Viet Nam and Communist China.

After dinner the group toured the coal mine fields, saw what has been called a distressed area, visited breakers, strip mining operations, etc. Later in the afternoon they went into the "Pioneer Tunnel" coal mine and rode the steam locomotive. The scouts picked many fossils from the slate at the end of the ride. Fred Furniture Store and Kull's Funeral Home, proprietor of Kull's Home and a graduate of Gettysburg College in the class of 1939, acted as a guide.

The scouts attended Mass Sunday morning in Kulpmont. Rev. Fr. Paul Adair was the celebrant. He is a brother of Gordon Adair, Scoutmaster of the troop.

TRADING IS DULL

NEW YORK (AP) — Some strength in steels and aerospace issues featured a mixed stock market early this afternoon. Trading was dull.

Steels were encouraged by what Wall Street regarded as warmer prospects for steel price increases, but their gains were moderate.

Aerospace issues were jogged into life by the exchange of shots between a U.S. destroyer and North Vietnamese PT boats, re-emphasizing the tense situation in the Far East.

## TV Cameras To Photograph Cloud Patterns Close-Up From Nimbus A Satellite

By VERN HAUGLAND  
AP Aviation Writer  
WASHINGTON (AP) — Riding the crest of the smashing U.S. moon picture taking success, the National Aeronautics and Space Administration is ready to whirl the same kind of cameras around the earth to take close-up photographs of clouds.

The object of the launch, which may be conducted next week, is to better understand the weather. And the new satellite, Nimbus A, is designed to provide better than ever pictures of the cloud patterns which determine the weather.

### RANGER TYPE CAMERAS

Moe I. Schneebaum, Nimbus mission officer at NASA's Goddard Space Flight Center, Greenbelt, Md., says the satellite will carry advanced television cameras identical to those carried aboard Ranger 7 which took historic pictures of the moon last week. These cameras, he said, will provide about five times as much resolution or detail as the cameras on the earlier Tiros weather satellites.

### NIGHT CAMERAS

The Nimbus craft also will provide for the first time: 1. Specially developed high resolution infra red radiometers to take experimental night time pictures of clouds. Tiros takes pictures only in daylight.

2. Cameras pointing earthward at all times. Cameras on Tiros are trained on the earth only part of each orbit. 3. A near-polar orbit, 80 degrees to the equator, to provide virtually complete global photographic coverage every day. Tiros satellites in near equatorial orbits provide only partial earth coverage.

### MAY LAUNCH AUG. 11

Nimbus A has been assembled by the General Electric Missile and Space Department, Valley Forge, Pa. Launching from Vandenberg Air Force Base, Calif., may be as early as Aug. 11.

Nimbus has been four years in development and launching is more than two years behind schedule. Estimates of the cost of the program run up to \$140 million.

The Weather Bureau has rejected proposals that it use Nimbus partly, because of the delays and cost, and chose instead to develop a modified wheel version of Tiros called "Toss."

But, Schneebaum said he is confident Nimbus will prove so superior to Tiros that the Weather Bureau would take another look at it.

Tawney, 36, Littlestown R. 1.

William G. Gurreri, 17, York, reportedly escaped injury when his car went off a legislative route one and a half miles west of Abbottstown Sunday evening at 5:15 and overturned. Damage CAR HITS POLE

to the car was estimated at \$150. Damage was estimated at \$900 when a car driven by J. Andrew Galloway, 16, Idaville, left the Hanover-Carlisle Rd. a mile southeast of York Springs and struck a utility pole. Police said Galloway sought to avoid a car that had stopped on the highway and lost control of his vehicle. He was reported uninjured.

Cars operated by Doral James Starnes, 18, Gardners R. 1, and Dale D. Huff, 54, Gettysburg R. 6, collided Saturday evening at 5:20 on the Carlisle pike one and a half miles north of Biglerville. who also commented on the church's participation on the board of trustees of the college and the growing relationship with both the Pennsylvania and Maryland Synods of the Lutheran Church in America.

Concluding the sessions, Paul G. Peterson, Director of Development, described the development function at the college and presented facts comprising the present status of Gettysburg College with similar colleges in areas of budget, endowment and support. He also indicated the immediate and long term needs of the institution.

Mrs. Lillian Smoke, librarian, commented on the library services, and the alumni guests were invited to spend a brief period touring the library facilities.

### EVENING PROGRAM

At the evening program, Associate Dean of Admissions Martin H. Cronlund outlined the admissions activities at Gettysburg and discussed specific measurements of an applicant's abilities, the differences which exist in grading systems from one high school to another, and the profile of the college's freshman class. A revised Key Alumni manual was distributed to all attending.

In outlining the responsibilities of the Admissions Office, Cronlund encouraged all alumni to assist in the task of reaching, at all times, the requirements of the college.

Dick Walker, Director of Alumni Relations, spoke of the growing role the alumni must play in the future development of the college, only in the physical growth in all areas which influence the total education of the individual.

### FUTURE CHANGES

He further remarked concerning the impending changes in the nature of alumni activities which are in keeping with the changes in our habits of everyday living. He attempted to clarify those problems which do exist in the relationships of Gettysburg alumni with their college.

A social hour in the Student Union Building concluded the evening's activity.

Following breakfast in the college dining hall this morning the group attended a panel discussion and brief workshop sessions. Discussion leaders were: Jack W. Shainline, Dean of Students; Professor Ralph D. Lindeman, English Department; Arthur B. Boenau, Department of Political Science; and John Held, Education Department.

In addition, those members of the faculty and staff who had participated in earlier sessions were on hand with President Hanson to answer further questions. The sessions concluded with luncheon in the dining hall.

## Rioting Mob Of Negroes Windows And Loot Stores Attacks Officers, Break

JERSEY CITY, N.J. (AP) — and advanced, firing shots in the air.

Helmeted policemen patrolled the glass-littered streets of Jersey City's Negro district today where a rioting mob of young Negroes attacked officers, broke windows and looted stores.

Police said 13 Negroes were arrested during Sunday night's outbreak — the first incident of this scale in this northern New Jersey city that faces Manhattan across the Hudson River.

Mayor Thomas J. Whelan, at the scene just south of the Lafayette housing project, said, "It seems to me to be an overflow from the occurrences in New York City and Rochester."

### 23 ARE INJURED

Police said 23 persons, including 10 police officers, were injured during the more than four hours of disturbances. A white woman, her son and daughter, were beaten and their car smashed while driving down Grand Street.

Much of the rioting was random missile-throwing with as many as 500 bystanders watching, by police estimate. But between 11 p.m. and 11:30 p.m. at least 200 Negroes formed in a group and moved down Grand Street.

A car with seven Negroes inside drove toward a force of police on the street, almost running down several officers.

### 7 ARE ARRESTED

The car's occupants, six adults and one 17-year-old girl, were removed at gunpoint. The girl was held as a juvenile delinquent and the adults were charged with disorderly conduct, police said.

On orders to disperse the crowd, police formed a wedge

## School Plant, Staff And Administration Lauded By Committee of Evaluators

The school plant and the staff and administration of the Gettysburg Senior High School came in for commendation on a number of counts by the Committee of 16 visiting educators who spend three days evaluating the school and its program in April. The educators also made recommendations in both areas.

The complete report with regard to school plant and administration follows:

### SCHOOL PLANT

**Commendations**  
The committee commends the school for:  
Providing facilities that are conducive to a good learning situation and help to keep faculty and student morale high.

Providing a functional, well-designed, and relatively maintenance-free building.

The efficient operation of the lunch-room and kitchen facilities. The excellent health suite.

Its recognition of the need for outdoor facilities for physical education and its plans for this program.

### Recommendations

The committee recommends:  
Facilities be added as soon as possible to eliminate use of classrooms in the junior high school building (by the senior high students).

Provisions be made for groups to go to and from the junior high school building with comfort and safety.

Trees, shrubs, and landscaping be added to the new building to enhance the existing beauty.

The re-decorating of the junior high school auditorium be accomplished to improve aesthetic and acoustical qualities.

The more efficient use of classroom facilities to eliminate employment for instructional purposes of storage areas and rooms not suitable for classroom use.

Provision be made for ventilation in the dishwashing room.

Principal's note: The school board has filed forms and contracted with an architect to submit preliminary plans for an addition to the present senior high school. This information has either been submitted for approval by the Pennsylvania State Department of Public Instruction or the Gettysburg Board of Education.

### SCHOOL STAFF, ADMINISTRATION

**Commendations**  
The committee commends the school for:  
The enthusiasm, loyalty, fine spirit, desire for improvement, and strong dedication of the staff and its efforts to provide a good educational program for the youth of the community.

The quality of leadership and the fine work of the principal and his assistant.

The results of their efforts are apparent in the progress made by the school.

**Recommendations**  
The committee recommends that:

In view of the practical importance of salaries, a study be made that will lead to a salary schedule with provisions known to all staff members and reflecting the best interest of both staff and community.

The policies of the Board of Education be published and made available to the staff.

A planned orientation program be conducted for all teachers new to the district. Such orientation would include a knowledge of rules and regulations of the school, discipline procedures, etc. A handbook containing such information would be helpful.

An inservice program including activities such as workshops, visitations, etc., be considered in addition to those provided by the county.

The period between classes be lengthened so that all students may be expected in their next class on time.

A study of room utilization be made in order to prevent the use of small rooms and storage rooms while classrooms remain unused at the same time.

Cleaning women be employed on a part time basis to do jobs which they can do as well or better than men.

Principal's note: A planned orientation program is in effect for all teachers new to the district. Orientation includes school policies, discipline procedures, a "get acquainted" dinner and informational survey of the community.

#### A Fiendish Act! Chambersburg

Destroyed By The Rebels: On Saturday morning last, at 6 a.m., a force of Rebels, under Gen. McCausland, numbering from 4 to 600, entered Chambersburg and immediately made a demand on the town for \$100,000 in gold, or \$500,000 in U. S. Notes, accompanied by a threat to burn the town in three hours unless the demand was complied with. They at once commenced to plunder and at 8 o'clock (after an hour) fired the buildings — commencing with the Town Hall, Franklin House, Courthouse, etc., and proceeding to fire dwellings, etc., until the whole central portion of the town was consumed — embracing the whole area from the Presbyterian Church in the North to the German Reformed Church in the South, we cannot say how many squares, and from the Railroad east to Jos. Chambers' south, 5 squares; also other dwellings and factories, and all the Printing offices, Hotels and Boarding Houses and all the public buildings, except the Public School House, Jail and Railroad buildings, which were of iron. The Rebels left town about 1 p.m., going southwest — taking Gen. McCausland with them, drunk — and they got safely across the Potomac. The cruelties and barbarities of the Rebels were heart sickening; and we do hope a fearful retribution may yet reach them.

#### Town Meeting: A very large

meeting of the citizens of Gettysburg and vicinity was held at the Court-house on Sunday last at 2 o'clock to initiate proceedings for the common defence in the alarming crisis pending. Capt. A. B. Kurtz, president; Eden Norris, and Major Benner, Vice Presidents; J. T. McIlhenny, E. G. Fahnestock, Secretaries. Col. C. H. Buehler stated the object of the meeting in a stirring speech; after which, on motion of Dr. J. A. Swope, a paper was opened to receive the names of all persons willing to enroll themselves for Home protection. During the pendency of the resolution, D. McConaughy, Esq., appealed to the citizens to come forward and enroll their names, and related some thrilling incidents in regard to the burning of Chambersburg. Nearly 100 persons came forward and enrolled themselves. On motion of Rev. D. Swope, a committee was appointed to canvass the town, as follows: East Ward — John Winebrenner, Dr. J. A. Swope, West Ward — James Pierce, Charles Ziegler. On motion of D. McConaughy, Esq., the following resolution was unanimously adopted: RESOLVED, That the citizens of Gettysburg, deeply sympathizing with the citizens of our neighboring town of Chambersburg, in the terrible calamity inflicted upon them by an inhuman enemy, hereby tender to them the hospitalities of our town, and welcome them to use our houses; and that a committee of nine be appointed to receive and convey to them such contributions as our people desire to furnish for their aid and relief. The Committee was increased to 17, embracing four subcommittees for the four divisions of the town, and consisted of: North West Ward — David McConaughy, chairman, James F. Fahnestock, Dr. J. L. Hill, George Arnold, Samuel Herbst. North East Ward — John Gilbert, William B. Meals, T. D. Carson, Samuel R. Russell. South East Ward — Dr. Wm. Taylor, David A. Buehler.

## Today's Talk

### MORALIZING AWAY EXPERIENCE

Experience is one thing in this world that cannot be bought, teased away from someone else, or be bluffed into ownership. It can't even be given away! Yet there are those who do their best to moralize away this precious thing. "It isn't worth seeing," "It's dangerous," "What will it amount to when you do gain it?" "You'll be disappointed." "Don't waste your time!" — and a score or so expressions of like nature. But through experience, and experience alone, are we made fit to face the problems and affairs of life.

Experience is something also that becomes a part of all that we are. It lines the planes of our face, steadies our walk, broadens our understanding, gives us vision, makes us tolerant, and colors the entire background of our very existence.

Those who have "gone through the mill," as the saying goes, know something that cannot be learned in books. The unfortunates are those who never admit failure in any shape or manner.

It is a grave mistake to do only those things in life which interest one, or which seem to offer immediate gain. A life gathers momentum only as it becomes grounded in experience. The very act of doing many things that are unpleasant, and not in line with the work that interests, is an experience that invigorates the will and gives control to an otherwise indecisive character.

Experience is the daily bread of our growth! And yet the more varied and interesting is this experience, the more life widens, broadens — deepens. Never shy at experience. Take every bit of it that you can. And welcome every new kind. It helps to flavor every old kind!

### VICTOR AND LOSER

The loser said: "I did my best  
And no excuse have I to make.  
He never gave me time to rest.  
My arms and legs began to ache.  
I had him beaten once, I thought,  
But back he came to battle on.  
And then as toe to toe we fought  
I realized my chance had gone.

"Now I remember thinking, he  
Is fighting like a man inspired.  
No longer he's afraid of me!  
I wonder am I growing tired?  
If down I go, it's down I'll stay.  
He laughs at every blow I hit,  
He is the better man today,  
And then he struck and ended it!"

The victor said: "To my surprise  
He suddenly appeared to tire.  
I thought I noticed that his eyes  
No longer flashed the old-time fire.  
He hit me, but I laughed to hide  
The fear I didn't want to show.  
To him it would have turned the tide,  
Had he but struck another blow!"

## PHILS BOW AS GIANTS EDGE PIRATES 2 TO 1

By MIKE RATHET

Associated Press Sports Writer  
San Francisco manager Al Dark went against one of baseball's cardinal commandments—Thou Shall Not Intentionally Put The Winning Run On Base—for the fourth time this season Sunday and remained undefeated as the Giants edged Pittsburgh, 2-1.

The situation came about in the bottom of the ninth after Duke Snider's tie-breaking single gave the Giants the lead in the eighth.

Bob Bailey singled for the Pirates with one out and moved to second on an infield out. Dark then waved in Billy O'Dell, who replaced Ron Herbel on the mound. With Roberto Clemente up, Dark ordered O'Dell to issue an intentional walk and Clemente trotted to first with the potential winning run.

## LYNCH IS WHIFFED

Jerry Lynch made Dark look like a genius by looking at a called third strike.

The victory moved the Giants back to within 1½ games of the National League leading Philadelphia Phillies, who ran afoul of Maury Wills. Wills stroked a double and single, stole two bases and started two double-plays as the Dodgers belted the Phillies 6-1.

St. Louis kept third-place Cincinnati 4½ games off the pace by beating the Reds 5-4 despite a pair of two-run homers by Deron Johnson, the Chicago Cubs whipped Milwaukee 5-1 and Houston outslugged New York 9-7 in the opener of a doubleheader before the Mets won 4-2.

## WINNING SINGLE

The Giants scored the clincher in the eighth against Bob Friend, 9-11, when Jose Pagan led off by beating out a hit between third and short. Two outs later, Snider rapped his winning single.

Wills' two hits gave him eight in 13 trips to the plate against the Phillies in the first three games of the four-game set. Meanwhile, rookie Larry Miller pitched his first complete game for the Dodgers by allowing only seven hits.

The Dodgers snapped a 1-1 tie in the fourth when a single by Willie Davis, Ron Fairly's triple and a single by Nate Oliver produced two runs. Tommy Davis later homered for Los Angeles.

The Cardinals built a 4-0 lead in the first three innings against starter Jim Maloney with Curt Flood hitting a homer, but Johnson connected with a man on in the fourth and eighth innings, both off Curt Simmons.

## WIN FOR CUBS

St. Louis then broke through for the winner in its half of the eighth on two walks, sandwiched around Julian Javier's double, and a sacrifice fly by Carl Warwick.

Ernie Broglio, 5-9, won his second straight for the Cubs and ended Chicago's five-game losing streak by keeping eight Milwaukee hits well scattered.

Joe Amalfitano triggered a two-run first for the Cubs with a leadoff double and singled home the final run in a two-run second inning. Billy Cowan, homered for the Cubs.

The Colts slugged 19 hits in the opener, winning it in the ninth when Joe Gaines and Walt

## BOLD RULER OFFSPRING WINS

By ORLO ROBERTSON

Associated Press Sports Writer  
Offspring of Bold Ruler are making shambles of the major Eastern 2-year-old stakes this year and there appears to be more of the same in store Saturday when the Wheatley Stable's Bold Lad goes after the \$100,000 guaranteed Sapling at Monmouth Park.

Queen Empress, sired by Bold Ruler and also from Mrs. H.C. Phipps' Wheatley Stable, was the short priced favorite to take last Saturday's \$100,000 Sorority for 2-year-old fillies at Monmouth after winning all her six starts with four of the victories coming in stakes.

The Queen had to settle for third but the winner turned up in Bold Experience, another daughter of America's leading sire of 1963. Bold Ruler was one of the all-time greats of the Wheatley Stable then trained by Sunny Jim Fitzsimmons. Bold Experience carried the silks of C.T. Chenery's Meadow Stable.

## Goodling Takes Lincoln Feature

Gene Goodling, starting in sixth spot of the 22-car field, took the lead from Ed Zirkle on the ninth lap and led the field to the checkered flag in the 25-lap main event at the Lincoln Speedway. Saturday night, Bobby Abel, Neil Haight, Frankie Thompson, Bob Tester and Ed Zirkle trailed to the flag.

Heat victories were scored by Ken Slaybaugh, Bob Myers, Johnny Roberts, Red Ninninger, and Gene Goodling.

The modified consolation went to Neil Haight, Bob Doroff, Vic Lewis, Bill Gilbreath and Norman Hare also qualified.

Next Saturday night the Lincoln Speedway will present a special, triple-feature program starring the URC sprint cars, along with the regular sportsman-modified stock cars. The first event will start at 8 o'clock.

Sunday, August 9, the United States Auto Club midwests, starting USAC Indianapolis Speedway drivers, will take over the speedway for an all-Offenhauser midwest show.

## Sunday's Stars

By THE ASSOCIATED PRESS  
PITCHING — Jim Bouton, Yankees, hurled his second straight shutout, a three-hit, 2-0 victory over Minnesota that kept New York's American League lead at five percentage points over Baltimore.

BATTING — Duke Snider, Giants, stroked a tie-breaking single in the eighth inning, giving San Francisco a 2-1 victory over Pittsburgh that moved the Giants to within 1½ games of National League leading Philadelphia.

Bond doubled for the tying run and Carroll Hardy followed with the clincher by hitting his first homer of the season.

WIN NIGHTCAP  
Gaines collected four hits for the game and Bond, who also had a homer, and Hardy three each. But the key blows came too late for starter Dick Farrell, who left in the eighth after failing for the 11th time to win his 11th game.

The Mets came back to take the nightcap when Charlie Smith snapped a 2-2 tie in the seventh with a leadoff homer off Don Larsen.

## DETROIT BOWS TWICE SUNDAY TO CLEVELAND

By DICK COUCH

Associated Press Sports Writer  
Sometimes you can't win even when you do.

Ask Sam McDowell and Larry Brown, key figures in the Cleveland Indians' doubleheader sweep over Detroit Sunday. McDowell pitched a brilliant four-hitter in the 6-1 opener, but got scolded by Manager Birdie Tebbetts and wound up in a Cleveland hospital. Brown broke up the 2-1, 11-inning nightcap with a pinch hit that wasn't.

McDowell suffered stomach cramps before and during the first game but didn't let Tebbetts. The 21-year-old southpaw appeared to tire in the late innings and the manager, assuming McDowell was not in top shape, told him so afterwards. After McDowell entered the hospital for observation, Tebbetts was the sorriest fellow in Municipal Stadium.

## HIT BECOMES FORCE

Tebbetts had company when Brown's bases-loaded hit in the 11th of the second game went into the record book as a force play.

Chico Salmon led off the inning by reaching base on Dick McAuliffe's error. One out later, Billy Moran's single and a walk to Tito Francona loaded the bases. Brown, batting for pitcher Luis Tiant, hit a loop to short right that dropped in. But Al Kaline's throw to second beat Francona, who had hesitated on the basepath.

Salmon scored the winning run on the weird play, but Brown, who needs a few hits, didn't get one. The young infielder, hampered by a leg injury, was batting .223.

The league-leading New York Yankees blanked Minnesota 2-0 behind Jim Bouton's three-hitter, and second place Baltimore shook off Kansas City 8-7 to stay five percentage points behind the Yanks. The Chicago White Sox won two from Washington 2-1 and 3-1, climbing to within one half-game of the top, and the Los Angeles Angels defeated Boston 2-1.

## Fairfield Pony League

It took all but the last game of the season to do it, but the Fairfield Amvets came through with flying colors to cop the 1964 championship by defeating Cashtown 8-5 Saturday afternoon on the loser's diamond. In Saturday's second game, Fairfield captured second place on a 9-5 win over Mummaburg at Fairfield.

The Amvets bunched all their runs in the first two frames then held off several Cashtown threats to preserve the victory. The winners tallied twice in the first inning on a pair of walks and a long base knock. The six runs in the top of the second came on three singles, three walks, two errors and a sacrifice.

Cashtown tallied a run in the bottom of the first on an error, a walk and a sacrifice. They added two more runs in the third and scored twice in the last inning on an error and two singles.

Roger Kuykendall paced the champions attack with a pair of hits while Ron Miller and Gary Deardorff tossed the victory. Larry Baumgardner banged out a duo of safeties for Cashtown while Scott Cook and B. Kessel shared the hurling for the losers.

The Amvets will play Mummaburg at home in the final game on Thursday while Fairfield travels to Cashtown the same night for its season final.

Arendtsville retained first place by coming from behind with three runs in the bottom of the sixth inning to edge Taneytown 3-2 at Arendtsville Sunday before a large crowd.

Taneytown picked up single runs in the first and third innings for a 2-0 lead. Arendtsville, limited to but three hits by J. Donahue, rapped a pair of homers in the sixth. T. Cline walked and Owen Taylor homered to knot the score. Dick Pitzer, the winning moundsman, then crashed another circuit blow to win his own game.

Littlestown replaced Taneytown as the second place team via a 5-1 win over Harney in a fast two-hour game on the latter's field. Weaver hurled a steady four-hitter for Littlestown and struck out 10. Weaver and R. Crouse each cracked a pair of hits to lead the seven-hit attack of the winners.

New Oxford toppled McSherrystown 4-2 at New Oxford, rallying for four runs in the seventh. John Harner, New Oxford pitcher, yielded two runs in the first inning on singles by Livelsberger, Yantis and Reese, and then settled down to fan 11 batsmen and hurl shutout ball the rest of the way.

Junie Miller blasted a home-run to center to start New Oxford's rally. A pinch-hit single by John Bevenour, an infield hit by his brother, Joe Bevenour, which preceded, accounted for another pair of runs.

Cashtown went on a 16-hit spree to rout Mummaburg 14-4 at Cashtown after jumping off to a 5-0 lead in the opening inning. J. Herring smacked a pair of singles and double to lead Cashtown. E. White cracked a homer for Mummaburg while Kermit Singley Sr., enjoyed a perfect afternoon with four singles.

Bonneauville capped its second victory of the season with a 6-1 decision at Brushtown. Four postponed games will be made up during the week as follows: Tuesday, Cashtown at Littlestown, 8 p.m.; Wednesday, New Oxford at Arendtsville, and Brushtown at McSherrystown, twilight, and Saturday, New Oxford at Taneytown.

## Blanching Is Essential In Home-Freezing Corn

MRS. HELEN D. TUNISON

Extension Home Economist

Blanching is essential for top-quality frozen corn. Blanching (heating in water) before freezing helps to preserve flavor and slows or stops the action of enzymes. If this action is not stopped, corn may lose color and flavor.

MRS. TUNISON

Blanched, frozen corn holds its flavor and color well when stored at zero degrees for 7 to 12 months. In contrast, tests show that frozen, unblanched corn was considered unsafe to eat after two weeks of freezer storage. Off-flavor and poor color were noted in corn on the cob within 24 hours after processing if it was frozen without blanching.

Among the best varieties of corn for freezing are Golden-cross Bantam, Seneca Chief, Silvercross, and Narrowgrain Evergreen. Regardless of variety, corn at the right stage of maturity is important for a top-quality product. Use only young, tender corn at peak of maturity for the freezer.

For more information about freezing corn, call or write the Agricultural and Home Economics Extension office in Gettysburg and ask for Circular 464, "Preparing Food for Your Freezer." A copy is free upon request.

### BATHING SUIT CARE

Attractive, colorful, well-fitting bathing suits need proper care to maintain their looks and wearing quality.

Read the label and follow care directions. If the suit does not have a label, here are some general guides that may help you.

Today's gaily colored suits are quite resistant to strong sunlight, but will fade or discolor if not rinsed or washed after each wearing. Laundering removes salt, chlorine, perspiration, suntan creams, and oil that can get into fibers and weaken them.

Most manufacturers recommend you hand-launder bathing suits with a mild soap and lukewarm water. However, you can put suits made of synthetic fibers into an automatic washer if you use a short cycle (3 minutes) and warm water, about 105 degrees.

Suits elasticized with spandex fibers, such as Lycra, may be tumble-dried in an automatic dryer at a low heat setting for 10 to 15 minutes. Suits elasticized or padded with rubber must be line-dried. To preserve color and durability, remove suits from the line as soon as they are dry.

### PLAY GUIDANCE

Children will play without guidance or supervision, but their experiences will be richer if you put some thought into play activities each day.

The most vital part of play is respecting the need for it and the importance of it to children. Nest is supervision which allows children freedom to create. If you give children an adult model to copy, some of their own ideas may become stifled. The same is true of coloring books.

To encourage free expression, teach the fun of doing. "Tell me about your picture" will inspire more creativity than "that doesn't look like a cow to me." Preschoolers are not ready to draw realistically. More important to them is the fun of experimenting with various media.

Another part of guidance is providing accessory materials to go with various types of play. Play materials include plastic aprons for water play and finger painting, sponges and child-size mops to encourage cleaning up.

Besides providing time, play materials, and space, also give your home a welcome atmosphere to encourage your children to ask their young friends to play with them.

## IRAN TO TRY AMERICAN IN WIFE MURDER

TEHRAN, Iran (AP)—Ministry of Justice officials say an engineer from Reading, Pa., being held on suspicion of murdering his wife, will be tried in Tehran Criminal Court. But no date was set.

The accused is Robert Matthew Bredin, 39, a one-time University of Pennsylvania track athlete who has been a mechanical engineer with Gilbert Associates, Inc., of Reading for the past six years.

Police reported Bredin's wife Rita, 41, a native of Pottsville, Pa., was found dead early Saturday by a doctor called to the Bredin home by the two Bredin children, David, 12, and Mark, 8.

### CORONER REPORTS

Bredin was sitting in a chair when the doctor entered the living room, police said. A coroner reported that Mrs. Bredin apparently died of a brain hemorrhage after a blow from a fist.

Bredin's colleagues at Gilbert Associates and friends were not allowed to visit him in jail. His two children were being looked after by officials of the Gilbert firm and friends.

Bredin was questioned for three hours, and U.S. Embassy officials and interpreters were present at the interrogations.

### CHILDREN QUESTIONED

His two children also were questioned, but officials declined to reveal any details.

A Gilbert Associates source said Bredin's family was preparing to fly home next Thursday for a vacation.

Bredin, a native of Upper Darby, Pa., has been in Tehran since last September as project engineer of an electrification study being made by Gilbert Associates for an Iranian planning organization.

While in Reading, Bredin was employed in Gilbert's Nuclear Engineering Division, a spokesman for the firm said.

EL PASO, Tex. (AP) — Probably the world's only combination meat market and art gallery is in El Paso at the Crossroads Meat Market. "Andy" Anderson sells sides of beef there and his wife Fernie exhibits her oil paintings on the walls. It's a pleasure for housewives shopping for the week's meat to be able to take in a rotating art exhibition at the same time.

## JUMPS 30 FEET IN HOTEL FIRE

LIMERICK, Ireland (AP)—"I saw a mass of flames outside," related Edward Mullen, of Berwyn, Pa. "Although I was wearing nothing but my underpants I didn't hesitate to jump from the second-story window. I was lucky to land on my feet and suffer nothing more than a sprained ankle."

The 19-year-old American student jumped 30 feet from a burning hotel early Sunday. He lost his clothing, money and passport in the fire and had to delay his trip home. He had planned to leave Sunday night from Shannon Airport. He said his parents, two brothers and sister were waiting for him in New York.

Mullen had been studying mathematics in Vienna for a year and had just finished touring Europe before returning to the United States to continue his studies.

## HOLD SOLDIER IN STABBING

WILKES-BARRE, Pa. (AP)—A Tennessee soldier has been arrested in connection with the fatal stabbing of a Wilkes-Barre man during a fight late Saturday night, Luzerne County Dist. Atty. Thomas Mack said Sunday.

He said the soldier was Army PFC. Sinus M. Shephard, of Winchester, Tenn., assigned to the Army recruiting station here.

The stabbing victim was Joseph Wildes.

"Wildes was white, Shephard is Negro," Mack said.

The district attorney said the fight involved an unidentified woman who was walking on the

A fight ensued and Wildes was stabbed in the heart.

# LBJ Hopes To Win Election On Own Merits; Has Support Of Northern Industry, Labor

By JACK BELL

WASHINGTON (AP) — President Johnson appears to have turned the corner in a politically tough maneuver to substitute his own brand for the Kennedy label on his administration.

The President's action last week in ruling Atty. Gen. Robert F. Kennedy and several others out of consideration for the party vice presidential nomination was viewed generally as culminating seven months of efforts in this direction.

The feeling among politicians was that Johnson would be well satisfied to have history say he helped get the late John F. Kennedy elected but would not like to have it recorded that he had to depend on the Kennedy name in his own elective try for the presidency. Those who know Johnson well think he decided long ago against taking Kennedy on the ticket with him.

## STOPPED WRITE-INS

They recalled the successful White House activity in February to head off the possibility that the attorney general might roll up more write-in votes for second place than Johnson's presidential nomination total in the March New Hampshire primary.

Johnson's strategy has been to compile a record in Congress and in executive actions which would convince Democratic liberals and independent voters he could be relied upon to push progressive programs.

He seems to have become convinced that he has achieved that objective. Civil rights organizations have applauded his stand on that vital issue. Organized labor endorsements have been rolling in. White House surveys indicate that Johnson has attained a solid position

in the industrialized northern states. Thus in August the President does not need the Kennedy name on the ticket in that area, as he might have last December.

Beyond that, the attorney general has political liabilities Johnson is not eager to take aboard. Because of his civil rights enforcement activities Kennedy would provide a heavy drag on the ticket in the South. Johnson isn't going to let the South go by default to GOP presidential nominee Barry Goldwater.

The President demonstrated this when he directed the selection of Gov. Carl Sanders of Georgia, loyal to the President, as chairman of the Atlantic City, N.J., convention rules committee. He seems certain to bring Gov. John Connally of Texas before the convention — possibly along with Gov. Edmund G. Brown of California — to place his name in nomination.

## Identify Body Of Man Found Sunday

PHILADELPHIA (AP) — The partially decomposed body of a man found Sunday near the Darby Creek has been tentatively identified as Hugh Fitzpatrick, a used-car salesman missing since May 28.

The body was found in the swamp by a man taking his dog out to teach him to hunt rabbits, police reported.

Darby Creek separates Philadelphia and Delaware counties. Police have arrested a man in connection with what they say was the robbery-murder of the 53-year-old Upper Darby salesman.

# STUDY RANGER PICTURES FOR LANDING AREA

PASADENA, Calif. (AP) — Scientists began to sift the evidence today of the most important 13 minutes and 40 seconds in the history of man's inquiry into the nature of the moon.

But those 13 minutes and 40 seconds may take years to analyze fully.

In that short space of time Friday morning, between an 80-second camera warmup period and the death plunge of the ranger 7 into the moon, scientists received 4,316 close-range photographs of the moon's craggy face.

Man has not been shown so much about the moon, particularly in so short a time span, since Galileo first peered at it through his homemade telescope in the early 1600s.

Friday night scientists released the best 10 photographs they'd spotted. These pictures showed, like pores on a human face, the tiniest pockmarks on the moon's crust. The smallest was only 18 inches across — about the size of a wash basin.

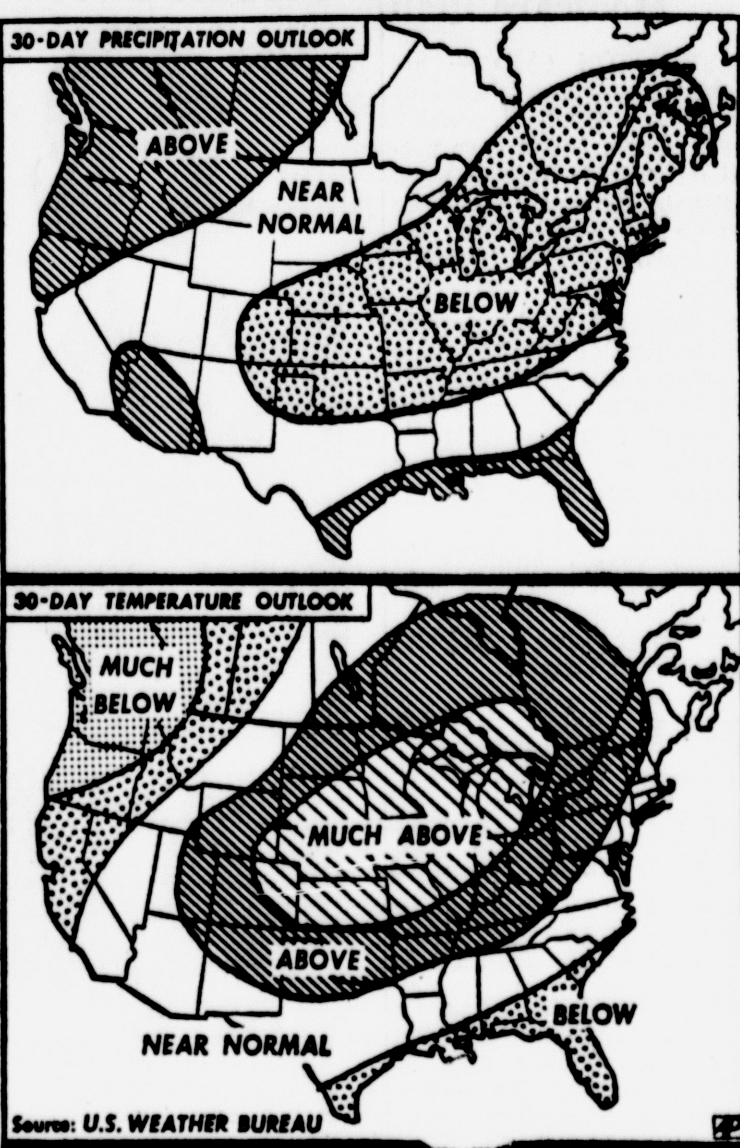

Today scientists planned to launch a detailed study of the more than 4,000 other photographs. They hope to determine whether any part of the 200,000 square miles photographed might be a good landing site for manned Apollo moonships.

## EXPECT NO CHANGES

They did not believe, on examination of the first photographs, that significant modifications will be necessary in manned moonships now being built by the United States.

They also hope to learn whether further refinements will be necessary in the Ranger television systems. After Ranger 6 cameras failed to function in the final minutes of its otherwise perfect flight, the camera systems for Ranger 7 were drastically modified.

CHESTER, Pa. (AP) — Police report burglars broke into the Sealtest Dairies office here early Sunday, drilled open a safe and fled with \$18,778 in cash and checks.

# GUNMAN SHOT DURING CHASE AFTER LOOTING

ERIE, Pa. (AP) — An Erie man shot in a high-speed chase during which "Molotov Cocktails" were hurled at a police car, was listed in good condition today at a hospital.

Samuel J. Hoke, 37, was shot in the leg and lower back during the exchange of gunfire Sunday. It all began about 4 a. m. when Erie Patrolman Robert Brady went to question a motorist in a car parked at a closed service station.

Police said the motorist pulled a gun and fired. The officer ducked to safety and fired at the fleeing auto, knocking out the back window.

The motorist stopped at a service station, robbed it of \$101.13, and continued down the highway.

Two Millcreek Twp. police officers in a patrol car spotted the auto and gave chase.

Several shots were exchanged and on two occasions, police said, the motorist hurled so-called "Molotov Cocktails" at them.

Police cornered the car at a service station in nearby Millcreek Twp. and rammed the vehicle with a patrol car. Two guns were found in the car.

# Two Are Killed in Plane Crash; Miss Ball Field

BLOOMSBURG, Pa. (AP) — Bloomsburg Hospital are Clyde Bartholomew and John C. Stevens, both 33, and both of Orangeville R.D. 2.

The Civil Aeronautics Board and the Federal Aviation Agency joined state police today in investigating the cause of the accident.

Airport manager Fred Vietig, who is also owner of Columbia Aircraft Services, said the four were headed for New York on a sightseeing trip and had rented the plane from Columbia.

The plane had just taken off HIT SOME TREES from the Bloomsburg Airport and apparently had difficulty gaining altitude.

Eyewitnesses said it hit some trees at the park, some of which were on the airport, and fell first on its belly, then nosed into the ground.

Bartholomew managed to crawl from the plane under his own power, authorities said.

Rescuers pulled Stevens from the wreckage just before the plane burst into flames.

Billy Yasuikis, 13, of Philadelphia, who was visiting relatives in Bloomsburg, was sitting in one of the trees near where the plane came down. He was only about 30 feet away when it crashed, it was estimated.

Another boy was in left field, about 35 feet from the crash. The plane hit an opening in the picnic area where there are no tables.

# DICK ZANUCK REVIVES 20TH CENTURY - FOX

By BOB THOMAS  
AP Movie-Television Writer  
HOLLYWOOD (AP) — "I suppose a lot of people looked at me with fish eyes when I got this job," says Richard Zanuck, vice president in charge of production at 20th Century-Fox Studios.

He adds: "That was only natural. But I hope they feel differently about me now."

The initial reaction to the Zanuck appointment almost a year ago was indeed natural. After all, wasn't Dick the son of the boss — boss Darryl F. Zanuck, founder of the film company and the man who returned as president to save it from the brink of bankruptcy?

NO ERRAND BOY  
But a year of action has proved that Dick Zanuck is not his daddy's errand boy. With Darryl Francis in New York and Richard Darryl at the Westwood studio, the Zanucks have managed one of the nearest re-creations in film history.

The record: \$9 million profit for Fox in 1963 vs. an almost \$40 million deficit the year before. Employment at 3,000 vs. 200 at the studio's low ebb. Eleven films finished since the studio reopened April 22, 1963, after a year's idleness.

The outlook: 45 stars and \$62 million committed to 22 movies in the coming year.

AMAZING REVIVAL  
Television production shows an amazing revival: 4½ hours of network films for next season vs. zero hours a year ago.

Young Zanuck, who is also president of the television operation, gave this explanation: "Television had always been the stepchild in the studio operation. When we faced a complete shutdown, we realized how nice it would be to have a television setup that would absorb some of the overhead when we weren't shooting features."

"So we went after television in a big way. We spent money for top talent and made deals that were attractive to stars. We were able to get names like Fess Parker and Tony Franciosa for series by offering them features as well."

## Camp Hill Man Killed In Crash

CONCORD, Calif. (AP)—Lt. (J.G.) Donald A. Knudsen, 24, of Camp Hill, Pa., was killed Sunday when his car crashed into a concrete overpass abutment on State Highway 680.

Police said Knudsen, attached to the Navy Nuclear Power School at Mare Island, Vallejo, Calif., apparently fell asleep at the wheel.

## HAVE RECORD LOW FOREIGN AID MONIES

By LEWIS GULICK  
WASHINGTON (AP) — Foreign aid officials said today a record low backlog of unused aid funds is being carried into overseas assistance operations for the coming year.

The revised figures are a matter of some pride with the Agency for International Development which has passed them on to the Senate in advance of final action on the foreign aid bill.

One argument of congressional critics has been that the aid program has been too fat with a big backlog of money from previous appropriations. AID chief David E. Bell, a former budget director, has pledged improved efficiency.

HAD \$450 MILLION  
Last year, according to revised figures, the aid program had \$650 million from past appropriations in addition to the \$3 billion in new money voted by Congress. In some years more than \$1 billion has been available beyond the amount supplied from fresh appropriations.

New estimates being submitted to the Senate Foreign Relations Committee showed today that only \$22 million remains uncommitted from previous appropriations and \$213 million is expected to be recovered during the year from commitments to past projects which were not carried out.

Thus about \$235 million would be available for foreign aid in the new fiscal year in addition to whatever Congress approves out of President Johnson's "barebones" request for \$3.5 billion in new funds.

Both the \$22 million in carry-over and the \$213 million in recoveries set new lows, according to AID accounts.

Historians are unable to identify a period in recorded time when men did not wear armor.

## Javits To Offer Medicare Plan

WASHINGTON (AP) — Six Republican senators, headed by New York's Jacob K. Javits, plan to offer a health care proposal for persons over 65 when the Senate Finance Committee takes up the House-passed Social Security bill — probably Tuesday.

The proposal would provide up to 45 days of hospitalization and up to 100 days of nursing-home care-financed under Social Security. It also calls for low-cost private insurance plans to cover some other medical costs.

Besides Javits, sponsors include Thomas H. Kuchel, Clifford P. Case, Kenneth B. Keating, Margaret Chase Smith, and John Sherman Cooper.

## DRILL NEARING TRAPPED 9 IN FRENCH MINE

CHAMPAGNOLE, France (AP) — A huge American-made drill advanced at the rate of three feet an hour today toward nine miners entombed for more than a week in a daved-in limestone mine.

The rescue workers said they hoped to reach the miners Wednesday.

Five other miners are missing in another part of the mine under Mt. Rivet. Officials hope one or two of the missing miners may be alive.

Rescue officials announced Sunday night that they had hoped to reach the trapped miners by Tuesday. But they revised this today and said the men might have to remain in the mine another 48 hours. They said confusion among the French, American, Swiss and German rescue workers led to the earlier prediction.

110 FEET TO GO  
A spokesman for the rescue command said that by noon the drilling of a 23-inch vertical shaft had reached 138 feet, with about 110 feet to go. He said the drill was advancing at the rate of about 3 feet an hour.

A horizontal tunnel approach from the side of the mountain was advancing faster than expected. It was being aimed toward the spot where two other miners were working when the mine collapsed, and from where tapping sounds have been heard.

Three other missing miners are presumed to have been killed in the cave-in.

## MISS WRIGHT WINS TOURNEY

By DAVE O'HARA  
Associated Press Sports Writer

MILWAUKEE (AP) — Mickey Wright left the women's pro golf tour for a week's vacation today after warning her traveling rivals her immediate goal is to break her record of 13 tournament victories set last year.

The 29-year-old links queen from Dallas Sunday posted her eighth triumph in 15 meets by capturing the \$12,500 Milwaukee Open with a 72-hole total of 289.

Miss Wright shook off a closing challenge by Ruth Jessen and finished with a par-matching 72 in winning the Milwaukee event for the second time in three years. It marked her 60th victory, an all-time record, on the LPGA circuit since she turned pro 10 years ago.

Miss Wright collected a check for \$2,000, boosting her prize money for the year to \$18,912.

Miss Jessen, runner-up to Miss Wright with earnings of \$12,052, pocketed \$1,500 after closing with a 72 for a four-round total of 292.

## 150 ARE SLAIN BY FANATICS

LUSAKA, Northern Rhodesia (AP)—Warriors of the fanatic Lumpa sect massacred 150 Africans today in a raid nearly 200 miles from the scene of the Lumpa rampage last week in which at least 120 died.

A government spokesman said a mob of Prophets Alice Len-shina's followers attacked government offices, killed an African policeman and five children and stole 10 rifles.

Then the mob swept through an African compound, murdering, pillaging, and looting.

Troops were being airlifted to the area from Chinsali, where army headquarters were set up last week to deal with the sect.

The onslaught today was thought to be a vengeance raid for the killing of 75 sect members who charged troops at the sect's headquarters at Sione.

The government of this British African territory, soon to become independent, has assigned about 2,200 troops and police to crush a campaign of murder, arson and looting by followers of the prophetess.

## Wants President Fully Protected

WASHINGTON (AP) — Allen W. Dulles said Sunday that as a result of President John F. Kennedy's assassination Americans should demand that their presidents be fully protected from crowds.

Dulles, former head of the Central Intelligence Agency and a member of the Warren Commission investigating Kennedy's death, said that a president should be surrounded by Secret Service men and should ride in an armored car during public appearances.

There should also be as little advance notice as possible of where a president is going to be when he leaves the White House, Dulles said.

Dulles was interviewed on a Metropolitan Broadcasting Co. radio-television program, "Opinion in the Capital."

## PALMER LOSES TO KEL NAGLE BY 2 STROKES

MONTREAL (AP) — Arnold Palmer keeps chasing old Kel Nagle, but he can't catch him.

In fact, Arnie is losing ground. Nagle, a 43-year-old Australian with powderpuff drives and pinpoint irons, first outtraced Palmer in the 1960 British Open when he beat golfing's master by one stroke.

He outran him again Sunday, slashing four strokes off the 7,090-yard Pinegrove course's par 71 and won the \$50,000 Canadian Open Golf Championship with a 72-hole total of 277. Palmer, despite his patented finish, was two shots behind this time at 279.

Nagle won \$7,500 for his first North American tournament victory and Palmer \$4,000 for his fourth second-place finish this year.

Nagle turned in scores of 73 and 71 for the first two rounds, but blazed home on the second half with rounds of 66 Saturday and Sunday.

"They're my best finishing rounds ever," said Nagle. Nagle went into the final round one stroke behind Palmer, Bill Collins of Grossinger, N.Y., and Ray Floyd of St. Andrews, Ill. Firing birdies on the second, fifth and sixth holes, he overtook the leaders and began setting his own pace.

Palmer missed seven putts of four feet or less but climbed right back into the big money with an amazing finish.

Palmer wound up with a one-under 70 to edge Floyd for second. Floyd, with 280, earned \$3,300 and Dan Sikes Jr. of Ponte Vedra, Fla., picked up \$2,900 for fourth at 281.

## STATE RAISES WELFARE FEES

HARRISBURG (AP) — The state announced this past weekend that it will increase fees paid to doctors, clinics and nursing homes serving persons on relief by \$3.5 million annually.

Arlim M. Adams, secretary of public welfare, said the higher fee schedule would go into effect Sept. 1.

Beore the department announced its new schedule, however, a Philadelphia-based organization said private nursing homes would refuse to accept relief patients unless their allowances were increased even more than contemplated.

The Nursing Home Public Affairs Committee demanded payments to be increased \$275 a month.

The new schedule calls for a scale between \$130 and \$190 a month as compared with the present range of \$115 to \$180, with a reduction in the classifications for type-of-care.

## FIND BODIES OF 2 SINGERS IN WRECKAGE

NASHVILLE, Tenn. (AP) — The bodies of country singer Jim Reeves and his pianist-road manager Dean Manuel were found near here Sunday in the wreckage of the light plane Reeves was flying home Friday night from a business trip to Batesville, Ark.

The plane fell into trees which hid the wreckage for almost 48 hours. The crash site was in the fashionable suburban Brentwood area, less than one mile from the home of grand ole opry singer Marty Robbins who figured in the search.

Another opry singer, Eddy Arnold, a Brentwood resident, identified the body.

The tragedy plunged the country music world into mourning for the second time in a little more than a year. Opry singers Patsy Cline, Cowboy Copas and Hawkshaw Hawkins and Miss Cline's agent and pilot Randy Hughes died when their light plane crashed near Camden, Tenn. in March 1963.

Accidental deaths of several other country music entertainers followed in quick succession.

Police said the plane, a single engine four seater rented by Reeves, apparently hit the trees at a steep angle. There was no indication what caused the crash. A radioed message that he was running into heavy rain was the last word from Reeves.

## TAKES CRUISE ON PT BOAT

BALBOA, Calif. (AP) — Sen. Barry Goldwater relaxed again today after a carefree holiday on the high seas, but there were hints that he may be eager to get back to work.

Goldwater cut short his vacation by a day and will return to Washington Wednesday. And his news secretaries, who hadn't even seen their boss since they left Washington Thursday, had another session scheduled with him today.

A lot has happened since Goldwater left the capital — Attorney General Robert F. Kennedy has been eliminated as a Democratic vice presidential candidate. A moonshot has succeeded. A U.S. destroyer has been fired upon. But the Republican presidential candidate has had no comment.

Sunday Goldwater went to sea in a converted PT boat, the Sundance, owned by Marvin Whitman, a Beverly Hills real estate man. Whitman is a former airline pilot who has been a Goldwater friend for 20 years.

## A Lovelier You

By MARY SUE MILLER  
VITAMIN, FULL OF GRACE.  
Do you get your share of vitamin C? You really must! Vitamin C is essential to firms gums

and to the prevention of spider veins. It acts as a shield against infections and colds.

From the strictly feminine viewpoint, C is a paragon among beauty-makers. Because it "feeds" your muscles, it helps keep your flesh firm. Because well-fed muscles enable graceful, poised carriage, no would-be lovely can do without her daily ration.

Studies show that there is a large percentage of our population, particularly among teens and reducers. That this should be so is hard to understand. Teen health programs stress a high intake, as do all approved reducing regimens.

It is not as though vitamin C foods were either exotic or expensive. Goodly quantities are readily available in such commonplace produce as citrus fruits, green-leafy vegetables, berries, tomatoes and green peppers. If you want to be upstage about the whole thing, include rose hips and fresh-picked avocados.

Just how much vitamin C do you require? Well, scientifically, it figures in milligrams. In a lovely's terms, it comes down to this: Have citrus fruit, a leafy vegetable, and a tomato every day — and you're in. You must have those items or an equivalent every day. Unlike many nutrients, vitamin C is not stored up in the body and must be replaced on a daily basis.

Ask Kindergarten Be Compulsory  
PHILADELPHIA (AP) — The vice president of the Philadelphia Board of Education says the board will seek an amendment to the state school code to make kindergarten compulsory.

"We hope to get children in school by the time they are 4 years and 7 months old, about kindergarten age," Mrs. John F. Lewis said Sunday.

"Our obligation is to teach children to cope with reading, writing and arithmetic. We find an awful lot aren't coping. A lot of experimentation shows that earlier training does help," she added.

If approved by the state legislature, the amendment probably would be effective in September, 1965.

BONN, Germany (AP) — Ex-Chancellor Konrad Adenauer, 88 years old, was back in his office today, having thrown off a summer cold. Science Shrinks Piles  
New Way Without Surgery  
Stops Itch—Relieves Pain

New York, N.Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place. Most amazing of all—results were

so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!" The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.
